In addition to your Biology major requirements you will need to complete a set of General Education (Gen-ed) Requirements.

During your first year at UMass you are required to take either a United States Diversity Course (DU) or a Global Diversity Course (DG).

Many RAP courses may fulfill this requirement. If you are in the Honors College, Honors 201H will fulfill a DU gen-ed.

To learn how to search for these courses, use the screen shots below. Be sure to check the box in the search that says Exclude RAP/HLC courses.
Searching for a United States Diversity Gen-Ed (DU)

*Remember to check “Exclude RAP/HLC*
Searching for a Global Diversity Gen-Ed (DG)

*Remember to check "Exclude RAP/HLC"
